### Case Study

Mr and Mrs A homeowners in Chard were fed up with the cold air draught around their home and their energy bills unnecessarily soaring, so they thought no more and got in contact with Lendology for a loan funded by South Somerset District Council to install new double glazing for their windows.

They said, "The application was made very easy and every person we spoke to was helpful." Their advice to other homeowners who need help funding home improvements would be "If you need hassle-free help with home repairs and improvements, Lendology is the first place to go."
